

COMPROMISE TAX AGREEMENT REACHED

REPUBLICAN UNIT IS ORGANIZED BY WOMEN OF COUNTY

Stuebenville Woman Speaks
At Meeting In Lisbon
Thursday.

MRS. NEASE NAMED COUNTY CHAIRMAN

Four Salem Women An-
nounce Candidacies As
State Delegates.

Lisbon, Feb. 29.—Mrs. Mary Voder Nease of East Liverpool, was named chairman of the Women's County Republican committee at a meeting of women held in common pleas court No. 2 Thursday afternoon and at an early date she will announce the county executive committee for this organization.

The meeting was one filled with interest and the heart-to-heart talk by Mrs. Wilma Sinclair Levan of Stuebenville, brought out many facts concerning what women should do in behalf of the cause of Republicanism next fall.

Women from all over the county attended the meeting, and it was clearly indicated that the organization will take a more prominent part in the national campaign this year than it did four years ago, which was the first year women took part in a national political campaign.

Six women filed declarations as candidates for delegates to the state convention at the close of the meeting.

Candidates for delegates are Miss Jessie Neal, Lisbon; Mrs. V. H. Van Fossen, Lisbon; Miss Alice McMillan, Mrs. Stanton Heck, Mrs. Bessie Johnson and Mrs. William Silver, Salem.

What Women Can Do
The party that is the best organized is the party that is going to win. Mrs. Levan told the women. "There are over 8,000 precincts in Ohio, and had the women precinct chairman in each of these 8,000 precincts got out the women's votes, Carmi Thomson would have been elected governor of Ohio. So you see the importance woman can play in the political life of the state and the nation from the precinct worker up to the county worker and even the district worker."

"I did not come here to make a political speech," Mrs. Levan went on to say. "The women who are here are Republicans and we believe that the Republican party is the best one that will meet our needs. Women have not taken their proper place in politics as they should. It is just as much our duty to vote as it is to uphold any other law of the state or nation. We've been given the vote whether we wanted it or not."

"Some women take to politics naturally, but it seems that the majority of the American women are not interested in the political affairs of the country. They feel a hesitancy about getting out to vote, and a hesitancy about getting others to go to the polls. There are exceptions, of course, but the great rank and file of women as I said before, take no interest at all."

WRITE YOUR WILL LAWYER ADVISES

Campbell Tells Kiwanians
a Will Prevents Much
Trouble Later.

"When you get home tonight, sit right down and make a will," Atty. R. W. Campbell told Kiwanis club members at the weekly meeting of the club at the Elks Thursday afternoon. Giving an address similar to the one he gave before the Rotary club several months ago, Atty. Campbell stressed the need of making a will to avoid complications especially where there are minor children, and to avoid litigation in the courts.

Even charitable bequests are in danger he said. Not long ago a certain person left a large sum to a charitable institution in this county, but the will had been made a few days less than a year previously, and had not been executed, and the institution did not get the money.

Find out what the law says before making a will, Mr. Campbell urged, or just such mixups will occur. Had that particular will been made more than a year prior to the death, the bequest could have been made.

There are only a few such things to watch, however, and anyone can make a will, the speaker told the club. All that is necessary is the signature of the maker of the will with the signatures of two witnesses.

The attorney advised unmarried persons to make a will. It is just as necessary, if not more so, for a married person to make a will. But be sure and make a will, no matter of what age you are, Mr. Campbell said.

Several new members were taken into the club at the meeting, and business matters were discussed. Plans were made for a ladies night and entertainment March 29.

Billiard Champion Wins Divorce

Mr. & Mrs. Willie Hoppe and Children

Willie Hoppe, world's champion billiard player, shown here in his home in happier moments with his wife and their two children, has been granted a divorce in New York, naming Edward M. Exiner, a salesman, as correspondent. Mrs. Hoppe, 32, is a sister of Raoul Walsh, film director, and George Walsh, movie headliner.

Bryan Leaps Into Oil Probe With Characteristic Venom

Washington, Feb. 29.—William Jennings Bryan leaped into the oil scandal and the approaching presidential campaign with both feet here today. He issued a formal statement excoriating Republican policies, which he held responsible for the present situation; denounced the Mellon plan of taxation as a scheme to relieve the rich at the expense of the poor and declared that the profits of Sinclair and Doherty were insignificant in comparison to what the "predatory interests" of the country have secured under the Republican administration.

"Too much emphasis," said Bryan, "is being placed on the criminality of individuals and too little upon the governmental policy that invites crime by granting privileges to favorites."

"Comparatively few public men can be bribed with money, but a great many public men support a policy that, by conferring great financial benefits upon favorites, subjects officials to powerful temptations to which some yield."

"For many years Republican leaders have been in the habit of collecting large contributions from the privileged classes and then paying back these contributions in legisla-

The oil investigation has revealed circumstances around one particular transaction, one of the most shocking in political history, but it is only an illustration of a vicious policy.

"Mr. Doherty expected to make \$100,000,000 out of the lease he secured, but what is that compared with the enormous sums voted to favored individuals, by the Republican leaders? Take the repeal of the excess profits. It gave \$450,000,000 of relief to the profiteers who were plundering the public. Doherty's expected profits would pay the president's salary for a thousand years, but Mr. Mellon's gift to the profiteers would pay it for 4,500 years."

COX AND McADOO MAY NOT FILE

Columbus, Feb. 29.—Early this afternoon no candidates for delegates at large supporting either former Gov. Cox or former Secretary of the Treasury McAdoo for the Democratic presidential nomination had filed declarations of candidacy with Secretary of State Brown.

After conferring with Secretary Brown today, Attorney Robert S. Hayes, Columbus, representing Cox, and Wilbur D. Wilkin, Cleveland, acting as McAdoo's legal representative in Ohio, intimated that declarations will not be filed by McAdoo and Cox.

KILLS HIMSELF AFTER SHOOTING WIFE, DAUGHTERS

Lincoln, Neb., Feb. 29.—Art Ewath today shot and probably fatally wounded his wife and two daughters and then turning his weapon upon himself, committed suicide at their home at Hickman, near here.

The children, Irene, 12, and Arline, 11, were shot through the mouth. Mrs. Ewath was shot in the head.

Has 22nd Birthday At 88 Years

Zanesville, Feb. 29.—Six well known local people are celebrating their birthdays today.

Mrs. Lucy Shrigley, 88 years old today, is the honor guest at a family dinner party.

Charles Roemer, 88, carrier, is celebrating his 15th birthday at the age of 89; Kaye Little, aged 52, with 13 birthdays; Thelma Wisehart, 12, with three birthdays; Eugene Moore, 20, with five birthdays, and Mrs. R. E. Brown, aged 14, with 11 birthdays are the others.

In fact these born prior to 1900 have missed one birthday for that year was not included as a Leap Year and February did not have 29 days.

OHIO DRY CHIEF DEFENDS "CARD" DEPUTY SYSTEM

Columbus, Feb. 29.—Gov. Donahy today is awaiting a reply to his request that Atty. Gen. Crabbe issue a formal, written opinion as to whether appointment of "card" deputies is illegal under Ohio's dry laws.

State Prohibition Commissioner McDonald has issued a statement defending the "card" deputy system. He declared that, in many parts of Ohio, there would be practically no enforcement of the dry laws today were it not for the activities of the "card" deputies.

The attorney general has intimated that thousands of dollars have been expended illegally as fees to "card" deputies in Ohio.

Probers To Examine Income Tax Returns

Washington, Feb. 29.—Without a record vote the senate today passed the McKellar resolution, requesting the treasury department to turn over to the senate oil investigating committee the income tax returns of E. L. Doherty, E. L. Doherty, Jr., Harry F. Sinclair, A. B. Fall and all the companies which Sinclair and Doherty own.

Senator McKellar said he thought these records would disclose "how much was paid" to Fall and other men and whether these payments figured in their income tax returns.

Leap Year "Babies" Celebrating Today

Several persons in Salem and vicinity will celebrate their birthdays today for the first time in four years. Today is the 29th and all babies born on the Leap Year day can celebrate their natal day but every four years.

So far as is known, a daughter born to Mr. and Mrs. James Cromley, south of Salem, early this morning, has the honor of being the first child born on this Leap Year anniversary around here.

A daughter was born Friday morning to Mr. and Mrs. Robert Crum who reside north of Damascus.

Among those who will celebrate today are Postmaster William Hahn of

PALMER GRILLED BY COMMITTEE IN OIL LEASE PROBE

Wilson's Attorney General
Subjected To Vigorous
Examination.

DENIES ZEVELEY IS LAW PARTNER

McAdoo May Be Recalled
To Explain McLean's
Statement.

Washington, Feb. 29.—A. Mitchell Palmer, attorney general in the Wilson administration, was put on the grill today before the senate public lands committee, concerning his persistent efforts to block the examination of E. R. McLean, wealthy publisher by the committee.

Palmer, who acted as McLean's attorney, was subjected to a vigorous examination by various senators on the committee as to the "wires pulled" to prevent the committee from examining McLean.

Palmer denied that he was a law partner of Col. J. W. Zevely, an assistant of Harry F. Sinclair, although in the McLean telegram made public by the committee yesterday, reference was made to a partnership existing between the two. He similarly denied he was ever employed by Sinclair or by Ex-Secretary of the Interior Fall.

The former attorney general gave his testimony under oath, being sworn by Senator Leinroth, chairman of the committee.

He said he had been a friend of McLean's for some years and recently being employed as counsel for the publisher by John Major, McLean's confidential representative in Washington. How Major got the idea he was a law partner of Col. Zevely, Palmer did not know, but he said he surmised it was because Zevely remarked to Major that he had been talking the oil scandal over with Palmer.

Hadn't Heard of Probe

Palmer said on Dec. 23, Zevely called to see him and "during the course of the conversation, he asked me either what I thought or what I knew about the oil investigation. I told him I had never heard of it; that I had been out of the country for four months and out of the city for six months and didn't really know the investigation was going on."

Zevely asked Palmer, the witness said, if he thought Sinclair and Fall could be compelled to testify.

"I merely gave him by curbstone opinion," Palmer said, "that a witness could be made to testify concerning any matter in the jurisdiction of the congress."

Palmer vigorously denied that he had ever approached Senator Underwood, Democrat, Alabama, candidate for the Democratic presidential nomination, to intercede in McLean's behalf.

Palmer also was emphatic in repudiating Major's statement to McLean (Continued on fourth page.)

SALEM BOY GETS HIGHEST GRADES IN WITTENBERG

Excellence of outstanding character in classroom and laboratory at Wittenberg college, Springfield, has brought to the students many coveted A's, which are grades of 96 to 100 per cent.

Among these collegians is Marshall P. Bailey of Salem, who received for the first half year's work grades of A in Greek, psychology, and B in English, A in piano, organ, and pedagogy.

Bailey's grades were highest in the college this year, according to Miss Hannaford, registrar.

BOMBARD PRIME MINISTER WITH BOTTLES, BOOKS

Dresden, Germany, Feb. 29.—Violence broke out in the Saxon diet today when Communists, amidst much excitement and shouting, bombarded the prime minister with ink bottles, books and canes.

It was necessary to adjourn the session for two hours. Two Communists were expelled by force. As they were being led from the chamber by the sergeant-at-arms, they turned and shouted at the prime minister: "You are drunk."

Leap Year "Babies" Celebrating Today

Greenford, who will be a guest of friends at a dinner, and Eleanor Votaw, Garfield ave. There are many others whose names could not be learned.

As one form of celebration, the Eastern Stars will hold a Leap Year novelty dance at the Masonic temple tonight. Finley's Melody band of Salem will furnish the music. There will be many novelties, in keeping with the day, and a large number of persons from surrounding towns are expected to swell the crowd.

Several parties and dinners are listed on the calendar for tonight, while some whose birthday is today, will be feted at anniversary dinners.

STEER SCATTERS CROWDS IN DASH THROUGH STREET

Wheeling, W. Va., Feb. 23.—A wild western steer escaped from a stock yards in the suburbs, made its way into the business district and in a frenzy dashed madly along the streets crowded with people on their way to work.

As it lunged wildly the crowds made hurried dashes into the nearest doors and the steer was given the streets all to himself.

Finally the police rushed two motorcycle officers to the pursuit, cornered the animal and shot it.

GAGER CANDIDATE TO SUPPORT COX

Salem Man In Contest For
Delegate To Democratic
Convention.

H. A. Gager of this city has filed with the county board of election his declaration of candidacy for delegate from the 18th congressional district to the national Democratic convention next June in New York city.

Mr. Gager, not only one of the most active Democratic leaders in the county but whose work for the party has extended throughout the district will support James M. Cox for president. He has designated James A. Campbell as his second choice.

David Altman of Wellsville has filed as alternate, supporting the same candidates. It is reported that John Flynn of Belmont county has filed as a delegate for the same ticket the district being entitled to two delegates and two alternates.

MINISTER ON TRIAL FOR WIRE TAPPING

Nicky Arnstein's Alleged
Accomplice Tried In
Youngstown.

Youngstown, Feb. 29.—Hearing of Rev Nicholas Podlasky of Warren charged with complicity in a wire tapping swindle here in which John Kashmerick and John Lutsky of Box Hill, Pa., parted with \$48,000, through the machinations of "Nicky" Arnstein and Charles Drucker, began today in municipal court before Judge J. I. Heffernan.

Kashmerick and Lutsky were brought here from Pittsburgh yesterday and locked up as material witnesses before it was learned they had been offered a settlement in the case by the men accused of getting their money. Kashmerick told officer that Drucker made a compromise offer to him by agents to have the case dropped.

According to Kashmerick during the past week Lutsky has received telegrams seeking to make appointments at the Hollenden hotel, Cleveland, and other places.

Lad Shot In Attempt To Hold Up Office

Cleveland, Feb. 29.—Benjamin Kuckenmeister, 19, who confessed, according to police, that in company with two other men, he had attempted to hold up Patrolman William Flaum early today, was in a hospital seriously wounded as a result of the quick thought and resistance of the officer.

Flaum, in citizens clothes, was on his way home when three youths jumped from an alley and gave the command, "hands up." Instead of complying Flaum drew his gun and shot Kuckenmeister three times in the head and once in the arm. The others fled.

Kuckenmeister will probably die.

16 Divorce Actions Filed In February

Of the 50 cases filed in common pleas court during February, 16 were divorce actions, leaving but 34 civil actions. The record shows six more divorce actions entered during February this year than a year ago.

Of the 50 cases filed in common pleas court during February, 16 were divorce actions, leaving but 34 civil actions. The record shows six more divorce actions entered during February this year than a year ago.

First Leap Year BABES ARE TWINS

Columbus, Feb. 29.—First "Leap Year Day" babies born here today were twins. A son was born to Mrs. Simon Rosenberg at 2:30 a. m. Five minutes afterwards, a daughter arrived.

"Mother and children are doing fine."

REJECT GARNER RATES WRITTEN BY DEMOCRATS

Insurgents And Regulars
Agree To Substitute
Longworth Plan.

COOLIDGE TO SET FORTH HIS VIEWS

Maximum Surtax Rate
Under Compromise Will
Be 37½ Per Cent.

Washington, Feb. 29.—Income taxes for 1923, due on March 15, 1924, will be reduced 25 per cent under a provision written into the tax reduction bill this afternoon by the house of representatives.

Washington, Feb. 29.—Rejection of the income tax rates written into the tax reduction bill by the Democrats and the substitution of compromise rates which are acceptable to the administration was agreed upon today after a series of conferences between the regular and insurgent Republicans. Announcement of the compromise agreement was made shortly before the house convened by Representative John M. Nelson of Wisconsin, leader of the insurgents.

The maximum surtax rate under the compromise will be 37½ per cent on incomes of \$200,000 and over, instead of the 44 per cent maximum written into the bill under the Garner plan. (The original Mellon plan provided for a maximum surtax of 25 per cent.)

The normal tax rates agreed upon, according to Nelson, are two per cent up to \$1,000, five per cent from \$1,000 to \$5,000, and six per cent from \$5,000 to \$10,000.

The regular Republicans were represented in the conference with the insurgents by Representative Longworth of Ohio, the Republican leader. President Coolidge has prepared a letter setting forth the administration's views on the compromise agreement, it developed today, but for some reason not explained, it was held up and had not been sent to Representative Longworth, Republican leader, up to early this afternoon.

Aids Small Taxpayer

In announcing the decision to join with the Republicans in substituting the Longworth compromise income tax schedule for the Democratic plan, Nelson said the Longworth plan was "directly the reverse of the Mellon plan." The Longworth rates, he said, gave the heaviest tax reduction to the smaller tax payers and the least reduction to the larger payers.

Nelson submitted a schedule showing that on incomes of \$4,000, the Longworth reductions would amount to 62.12 per cent, on \$5,000 incomes 59.12 per cent, on \$6,000, 55 per cent, on \$7,000, 53.35 per cent, on \$8,000, 51.13 per cent, on \$9,000, 49 per cent, while under the Mellon reduction would be 25 per cent.

The Mellon plan reduced the tax on large incomes 50 per cent, and granted but small reductions on the lower incomes Nelson said.

Representative Woodruff, Republican of Michigan, one of the insurgents, said that Longworth deserved great credit for bringing about the compromise "as he has been most air in his dealings with those of us who could not support the Mellon plan."

Opposes Longworth Plan

"I cannot support the bill with the Longworth rates," he said. "As I see real questions of principle are at stake and the Longworth compromise though in many respects better than the Garner plan, is equally inconsistent with those principles."

"A tax which cannot be collected is dishonest tax. A law which cannot be enforced is a fraud. When in addition to this more shaking of fists at the rich, this threatening, if ineffective gesture, has deplorable economic results, it is simply indefensible."

"In the second place the inheritance tax situation throughout the country with a double and triple taxation on the same estates by two or more states, is sufficiently chaotic without further haphazard interference by the federal government."

"An arbitrary increase in rates, without hearings, without consideration, after a short two hours debate, is a dishonest tax. A law which cannot and must have unfortunate results."

"Finally the bill will in all probability produce a deficit, though a smaller deficit than the Garner rates. This is a major defect in a revenue bill justifying its rejection."

Maccabee Women To Celebrate Birthday

Salem Review No. 238, Woman's Benefit Association of the Maccabees will observe the anniversary of its organization here at a meeting in two weeks.

A covered dish supper will be served about 7 o'clock and a program will follow the regular session.

On application for membership was received and there was practice for the district rally to be held here April 24.

Equity In Voting Given Women

London, Feb. 29.—A bill reducing women's voting age from 21 to 21 years passed the house of commons on second reading this afternoon.

It probably will be enacted into law, as it has the support of the Labor government.

The law will put women voters upon absolute equality with men.

GENERAL REVISION OF OHIO DRY LAW URGED BY CRABBE

Only Remedy For The Evils
Of Efforts To Enforce
Them, He Asserts.

Columbus, Feb. 29.—A general revision of Ohio's prohibition laws will be the only remedy for "evils cropping out of the feeble endeavor to enforce them and a means of upholding the spirit and good faith of the eighteenth amendment and its subordinate state and city measures, today declared Attorney General Crabbe, author of the Crabbe Dry act, who launched an attack Wednesday upon methods employed and procedure followed by prohibition enforcement officials throughout the state.

Need of the legislature reconvening to amend the dry laws was emphasized by the attorney general today. He is preparing to answer a request of Gov. Donahy for a ruling on the legality of "card deputy" prohibition enforcement officers, opposed by Crabbe and others.

"The whole system is wrong," Crabbe declared today. "The law specifies what procedure must be taken, but it has been sadly misconstrued. The only remedy is new legislation which will clarify the situation."

"Regard for the prohibition law and its endeavors will be lost if the present method of enforcing it continues," he said.

"When the legislature returns, if it does," Crabbe said, "the prohibition matter should get prompt consideration. There are lots of reasons why the law-makers should 'get together.' The over crowded prisons, the financial difficulties of certain cities and a number of other matters need their attention. A result of the legislature is the only remedy," Crabbe declared.

CHILD WELFARE SERIES TO OPEN

Dr. King To Speak At First
Conference Sunday At
Christian Church.

Rev. H. L. Miller of First Christian church, has completed arrangements for another Cradle Roll conference series similar to that given last year.

The series will open at 3 p. m. Sunday in the Christian church when Dr. J. M. King of Leetonia, will speak on "Children, Their Health and Care." Two other conferences will be held the afternoons of March 16 and 20.

These conferences are open to anyone interested in child welfare. The series will close with a free physical examination of children of the cradle roll.

CHARGE SINCLAIR WITH CONSPIRACY

Washington, Feb. 29.—The direct charge that Harry F. Sinclair "conspired" with the Pioneer Oil Co., to obtain a lease to Teapot Domes was made before the senate public lands committee today by Carl C. Schuyler of Denver, counsel for J. Leo Stack, Denver oil man.

League To Consider Hungary's Finances

Geneva, Feb. 29.—The secretary of the league of nations today summoned the council to meet March 10 to consider the financial restoration and the Polish-Lithuanian dispute over Memel.

W. P. G. Harding, former head of the Federal Reserve banking system in the United States, who was appointed controller of Hungarian finances, is expected here about March 10. He will be the agent of the league of nations in placing Hungary upon her feet financially.

needed. The maxim that the law does not concern itself with trifles is no longer in the breach than in the observance, and yet it is applicable to larger and more serious matters than the purchase of automobiles.

20 YEARS AGO

(Issue of Feb. 29, 1904.)

A severe thunder storm passed over this city early Sunday morning. For a short time rain fell in torrents.

Monday morning A. H. Kennedy assumed his new duties with the Salem Wall Paper company.

Sebring, E. A. Sebring of the Sebring potteries recently closed one of the largest deals for pottery products ever recorded in Ohio. The sale amounts to over half a million dollars.

A number of the automobile owners and enthusiasts from this city will go to Cleveland Tuesday to spend the day at the big auto show in Gray armory. The output for this year is placed at 25,500, of which Ohio will produce 4,500, including steam, electric and gasoline.

President Roosevelt is determined that there shall be no delay in the inauguration of work upon the Panama canal.

Miss Sarah Zelle of Twelfth st. has returned from Barnesville, where she has been attending Friends Boarding school the past winter.

Elwood Myers and E. J. Spencer left Monday on a trip to A. D. B. They probably will go on to Toledo before they return.

Gas Zelle, who has been ill for several weeks, was able to be out Sunday for the first time this year.

Hiram Cameron and Robert Ellyson of Damascus, arrived in the city Saturday on their way home from Florida. They returned by way of Baltimore and Washington, stopping in the former city to view the ruins of the business section, destroyed by fire.

The epidemic of grip, which has been raging at the Fairmount Children's home, has been stamped out. Twenty-five of the children were down with the disease at one time.

ITALY'S NEW NAVY MOVE CAUSES FEAR

British Will Concentrate
Powerful Fleet in
Mediterranean.

London, Feb. 29.—Admiralty officials, with the sanction of the civil branch of the government, have decided to concentrate a powerful fleet in the Mediterranean as a strategic political move, according to the Daily News today.

This decision was dictated by Premier Mussolini's announcement that the Italian navy will be made one of the strongest in Europe and by the approaching entente between Italy and Spain for control of the Mediterranean.

France is showing increasing nervousness over the maritime activity in Italy, and the growing accord between Rome and Madrid. The French navy will assume domination of the Mediterranean from Gibraltar eastward, with the assistance of Spain and possibly Portugal.

Great Britain already holds a dominating position from a naval viewpoint, possessing Gibraltar at the western entrance to the Mediterranean, but she is now seeking to strengthen her political position.

TAKE SALTS FOR A KIDNEY BACKACHE

Too much rich food, forms, acids, which excite and overwork the kidneys in their efforts to filter a from the system. Push the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

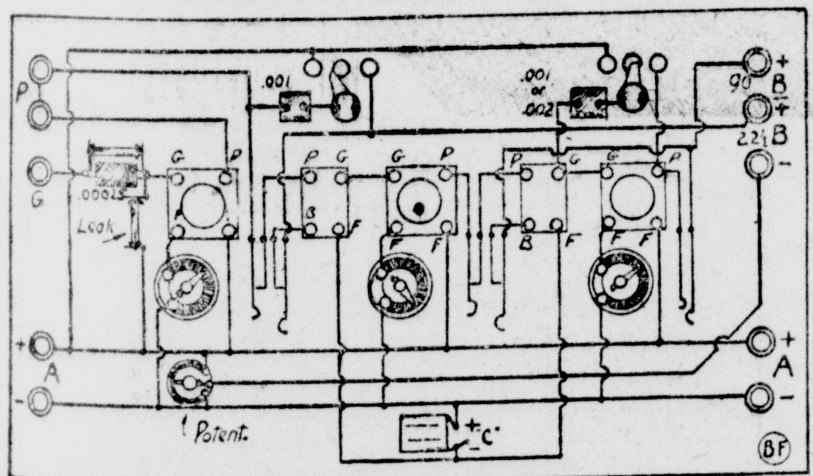

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a deliciously effective lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

By all means, drink lots of good water every day. Have your physician examine your kidneys at least twice a year.

(Edited by G. Douglas Wardrop, Editor of Radio Merchandising.)

With a Detector and Amplifier Hooked Up in This Way It is Easy to Try Out a Brand New and Promising Circuit Without Upsetting Every Connection in the Set. The Grid Leak May Be Either Across the Condenser or From Grid to Filament, According to Circuit Demands.

Probably many fans like to try new hook-ups occasionally, and find that a great deal of wiring in the detector and amplifier circuits has to be done over unnecessarily. They may have built or contemplated building a two-tube amplifier to save this additional wiring, but how many have realized that by including the detector with the amplifiers far more wiring could be saved?

Then, again, there are the battery connections to be made in using a separate two-step with an existing single-tube set—double wiring to the "A" and "B" batteries, with an extra "B" battery, and very frequently shorting and feedbacks.

Howard R. Campbell explains a way for doing this in a recent article in the Radio Review of the New York Evening Mail.

The circuit herewith may be used with any type of hook-up except the reflex, and contains features which make possible very close regulation of tone and volume. It should preferably be enclosed in a separate cabinet, with all battery connections entering from the rear, the five binding posts on the front left providing various connections to the tuners.

Two binding posts are shown leading from the plate, permitting the insertion of a variometer for regeneration, and may be shorted if desired.

PUBLIC UTILITIES PAY MORE TAXES IN THIS COUNTY

Public utility companies of Columbiana county—those companies serving citizens with electricity, gas, transportation and communication—will pay taxes on a higher valuation this year, the state tax commission announced today.

Utility companies will pay more than banks, other corporations or individual property owners. The 1923 tax valuation of the utilities in the county, upon which 1924 taxes will be paid, is \$23,537,700, an increase of \$350,070 over the year previous.

The grand tax duplicate for the county is \$110,529,520, an increase of \$1,900,760 over the year before. The average tax rate for the entire county will be \$23.15 per thousand dollar valuation, while it was \$22.70 last year.

MYSTERIES OF THE ANCIENTS

The Department of Agriculture of Egypt has seeds which were found in age-proof containers in the tomb of King Tutankhamun which they will endeavor to propagate at their Agricultural Research Laboratories. These seeds may represent herbs containing medicinal properties that this age and generation knows not of. It was the simple roots and herbs of the field that half a century ago produced Lydia E. Pinkham's Vegetable Compound, a remedy that has never been equalled in over-caring ailments peculiar to women.

Fountain Of Youth Will Be Discussed At Grange Meeting

The elusive fountain of perpetual youth will be sought Saturday evening at the Butler grange meeting. Mrs. James King during the lecture period will discuss the question, "In What Way Can We Keep Young and Happy?" Complete program for the meeting follows:

Song, by the grange; "The Life of Washington," Clarence Randolph; "Which is of More Value to the Farmer, the Robin or Fishing Worm?" James King; humorous reading George Steiger; "In What Way Can We Keep Young and Happy?" Mrs. James King; music, Esther Ward; "Name Five Noxious Weeds," Charles Ward; "How Our Mothers Used to Do," Minnie Randolph; recitation Paul Ward; "What is the Value of Germination Test for Seed Corn?" Harold Whinery; "How Can Farmers Provide a Comfortable Place to D. Farm Machinery Repair Work?" A Farm Season of the Year? Home Mountz; recitation, Wilfred Mercer.

Barely Worth Saving.
Miss Platinium—I suspected that Mr. Lightfoot was getting ready to leave town so I broke off our engagement to save my face.
Miss Tartie—I can hardly blame you when I remember it's the only face you have.

Saxon Pope Was Safe With Bow and Arrow

Saxon Pope shot grizzly bears with a bow and arrow. Some people, seeing merely a newspaper line to that effect, thought of him as mighty lucky to get away with it and mighty foolish to have tried it at all.

They had never seen Pope shoot. And never having seen his weapons, they had in mind the flimsy tackle of garden archery. Pope makes his own powerful hunting bows of yew; he fashions his own heavy broad-headed arrows. He is practically as sure of his deer within 100 yards as is the average rifleman.

Early in his experience he obtained permission to try out one of his arrows against armor, and was assigned by a museum a suit of fifteenth century Damascus steel armor in first class repair. This he proceeded to stuff out with pine boards wrapped with burlap.

An attendant, observing this, offered to wear the armor for the experiment. But Pope had a hunch and declined. His arrow penetrated the front, the burlap and pine and made a strong dent in the back—Pope relates that the attendant turned a pale green.

So that in discarding the rifle for the bow Pope was reducing the odds in his favor, to be sure; but he was not reducing them below a margin of calculated reasonableness. He and his companion killed five grizzlies in all—Stewart Edward White, in the Saturday Evening Post.

Novel Plow Shatters Ground by Explosions

Something new in plows is being marketed, based on patents issued to Herbert Knight of New York, says the Scientific American. Instead of simply turning the ground over, the new implement shatters it, the pulverizing being accomplished by a series of explosions that take place below the surface. The plow is propelled by a gas oil motor, the exhaust gases from which are conveyed through a suitable pipe into hollow cultivator teeth which extend into the soil.

The lower ends of these teeth have suitable openings, through which the gases discharge with detonating force. The ground is thoroughly broken weeds are torn out and the earth is left in a fluffy and highly aerated state. The detonating gases are mainly carbon dioxide, water vapor, oxygen and nitrogen, all beneficial to plant growth. The force of the explosion destroys fungi, undesirable animal life eggs and larvae.

Poison in Freckle Cream

An extraordinary case of a woman who was made ill for six years by the habitual use of a freckle cream is recorded by two physicians, Dr. A. Alex. Miller and Dr. K. Mendel.

She went from one physician to another complaining of headaches, pain in the back, dragging pains in the limbs, sleeplessness and general debility. The doctors' diagnoses included rheumatism, neurasthenia, hysteria and disturbance of the thyroid and other glands.

At last the ointment was suspected and found to contain mercury, says the Cincinnati Enquirer. In the six years she had rubbed on her face 13 ounces of mercury, which had caused chronic poisoning.

It took her 15 months to recover her health after the use of the ointment was stopped.

Arabs Using Chairs

The Arabs have wide fame for their ability to break camp and move in silence. Longfellow's brief mention of their skill was sufficient to this day. But in our times the folding chair supplements the convenience of the collapsible tent. The Bedouin who has squatted atop an uncovered anthill in the open desert may now take his ease on a higher seat.

Reports from Aden say that carpenters there are making seats to supply the market, but experts from Austrian manufacturers have made competition for the domestic chair.—Nation's Business.

In the Future

It was in the year 1925. A New York matron, coming down to breakfast, met her only son ascending the stairs. He was headed for the roof, where his fast airplane awaited him.

"Where to, Tommy?" asked the matron.

"Denver for lunch, mother."

"Well, you have a perfect day for flying."

"That is what I thought. So from Denver I may hop off to San Francisco for a little golf."

"Very well, my son. But be home early for dinner."—Pittsburgh Chronicle-Telegraph.

ANARCHY, CHAOS THREATEN GREECE

Fresh Demands From Army
Group For Dethronement Of King.

London, Feb. 29.—Anarchy and chaos again threaten Greece as a result of fresh demands by the Republican army group, said an Athens dispatch to the Daily Express today.

The League of Republican officers is demanding immediate dethronement of King George Second, and the proclamation of a military dictatorship pending the establishment of a republic under control of the army.

The League of Republican officers has issued an ultimatum demanding immediate action. A coup is threatened unless their demands are met. Premier Venizelos, whose word once was law in Greece, has lost his power. He favors a national plebiscite upon the issue of a republic but the army officers have overwhelmed him.

Colonel Condylis and Admiral Hadjikyris, leaders of the Republican group, have gone to Salonika to hold a "council of war."

If there is a coup d'etat it probably will be launched from Salonika rather than Athens.

AKRON RETURNS TO STREET CARS

AKRON, Feb. 29.—After an absence of 27 days, the Northern Ohio Traction & Light Co.'s street cars returned to public operation Thursday.

Out of 158 cars 60 emerged from the barns and resumed their duties, much to the delight of persons who have been patient, though restless under motorized transportation. The remainder of the cars will be in service by Sunday at the latest.

By the terms of the new agreement with the traction company five cent fare with one cent for transfers will obtain until December. At the November election the people will vote on a permanent franchise at what rate is determined on by council and the company. If the franchise is rejected, the company will continue operation of cars at the existing rate of not more than six cents with universal free transfers.

Open daily except Sunday, from 10 a. m. to 8:30 p. m. 1924

GETTING TOO FAT? TRY THIS—REDUCE

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Mirnola Prescription Tablets and follow directions. One dollar is the price the word aver. Get them from your own druggist or send price direct to Mirnola Co., 1412 Woodward Ave., Detroit, Mich. By doing this you will be safe from harmful drugs and be able to reduce steadily and easily without starvation diet or tiresome exercise.

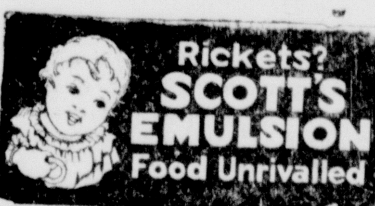

Wants Dry Agents' Violations Of Law Stopped By Senate

Washington, Feb. 29.—Denouncing the prohibition bureau as being "drunk with power" Senator Edwards, Democrat, of New Jersey, demanded in the senate that the senate take some action to prevent law violations by dry agents.

He declared the shooting of Senator Frank Greene, Republican, of Vermont, during a fight between dry agents and bootleggers, had climaxed "a long series of outrages" on part of enforcement officers.

FOUR

SOCIETY

Leap Year Birthday Party

Although she is 16 years old, Miss Eleanor Votaw has had just four birthdays, having been born on Feb. 29 and to make the occasion a happy event, her mother, Mrs. George Votaw, entertained 16 of her friends at a party Thursday evening at their home, Garfield ave.

It was a real four-year-old's party. The girls came dressed in clothes that a four-year-old child would wear and played games, which would interest children of this age.

The home decorations and lunch appointments were in keeping with St. Patrick's day. Eleanor received some lovely gifts.

Farewell Honor For Two

Mrs. J. A. Noble and Mrs. Britt Leeper were associate hostesses at a delightful party Thursday afternoon at the home of the former, Franklin ave., which was a farewell courtesy to Mrs. J. B. Stephenson, who will leave in the near future for Toledo to make her home, and Mrs. C. M. Piper, whose home in the near future will be in Zanesville.

Six tables were employed at bridge at which the prizes were won by Mrs. Clyde Reich and Mrs. E. S. McCulloch. Mrs. Louise Brokenshire Thompson of Sebring was out of town guest.

At Graber Home

About 30 members of Division 2 of the Christian church enjoyed a party Thursday evening at the home of Mrs. Frank Graber, Ellsworth ave. Assisting Mrs. Graber in entertaining were Mrs. A. I. Getz, Mrs. G. A. Jones and Misses Ella and Mattie Strawn. After a business session games were played, these having been arranged by Miss Mattie Strawn. Mrs. L. B. Harris has invited the members to be her guests March 27.

A feature was a towel shower, when beautiful towels were contributed for the bazaar to be held next autumn.

Snow Ball Dance

With the hall prettily decorated with large cotton snow balls, about 80 couples enjoyed the dance given by Elmer Greenawald Thursday night at the K. of P. hall. Small rubber balls decorated to represent real snow balls were given as favors. Out of town guests were present from Youngstown, Alliance, Canton, Columbiana and Lisbon.

In two weeks Mr. Greenawald will give a St. Patrick's dance.

Surprise Mr. and Mrs. Cornell

About 40 neighbors and friends of Mr. and Mrs. J. A. Cornell gave them a complete surprise Thursday evening when they called on them at their home, East Sixth st. The affair was in honor of their recent marriage and the guests presented them with a beautiful stand lamp. Music and cards furnished entertainment after which a delicious lunch was served.

English Ladies Aid

Mrs. J. E. Rentz gave a health talk which was much appreciated at a meeting of the English Ladies Aid society of Emanuel Lutheran church Thursday afternoon at the parish house, Broadway. About 20 women were present. Mrs. Martin Schell was the hostess.

Ohio Club

Ohio club associates went to Alliance Thursday and were guests of Mrs. Charles Smithyman. The day was enjoyed socially and the hostess served a dinner. Fancypwork was the chief diversion. A meeting in two weeks will be with Mrs. William Jackson, Roosevelt ave.

South Side Club

With fancypwork interesting the members a meeting of the South Side club was held Thursday afternoon at which Mrs. Mattie Hines was hostess at her home, Lisbon rd. The hostess served refreshments. In two weeks Mrs. Miriam Yates, who resides near the Lisbon rd., will entertain the members.

Hosts To Choir

Members of the choir of the First Friend church were guests of Rev. and Mrs. C. E. Haworth Thursday evening at their home, East Fifth and East School sts. Some time was devoted to singing and plans of interest to the choir discussed.

Good Timers Club

Thirty-eight members of the Good Timers club carried out a surprise for Mrs. Daisy Parsons Thursday evening at her home, Depot st. The honoree was presented many useful gifts and the hours passed happily at cards and visiting. A lunch was served.

Knights Of Columbus Party

About 140 people enjoyed the social given by Salem council No. 1818, Knights of Columbus, at the hall, Broadway. Following the euchre games a lunch was served. The evening of pleasure was concluded with dancing.

Elite Club

Mrs. Charles Fineran was hostess to members of the Elite club Thursday afternoon and took her guests to the picture show. After the show they had lunch at a confectionery store. In two weeks the members will meet again.

Harry Goodbrake, of Newgarden st. is recovering from an attack of pneumonia and a general nervous breakdown. He expects to leave in the near future for California for benefit of his health.

Mr. and Mrs. George Christy, South Lundy st., were in Youngstown Thursday evening where they attended the automobile show.

Mrs. C. O. Schaefer and daughter, Mrs. Clyde Styles, spent Friday in Youngstown where they visited with relatives.

Mr. and Mrs. James P. Moore returned to Cleveland Friday after spending a few days visiting with relatives here.

Mrs. C. R. Taylor and daughter Florence of Washingtonville spent Thursday here visiting with relatives.

Harzell-Maudru

Of interest to their friends and relatives here is the announcement of the wedding of Miss Helen Louise Harzell, daughter of Mr. and Mrs. W. A. Harzell, of Sebring, and Paul J. Maudru, of Maximo, an event of 9 a. m. Thursday at St. Ann's church, Sebring. The nuptials were witnessed by a company of relatives and friends.

The bride was beautiful in a gown of ivory satin. Her veil was held by orange blossoms and she carried a bouquet of opelia roses and lilies of the valley. She wore a bracelet set with diamonds, a gift of the groom.

Miss Florence Davidson, of Salem, bride's maid, was attired in orchid crepe and gold lace. Her bouquet was of orchid sweet peas and pink roses. Marvin J. Ruffin, of Maximo, was the best man.

During the service the choir rendered two selections, "Because," and "Ave Maria."

After the service the bridal party and guests went to the bride's home where a wedding breakfast was served by Kate Bennett of Salem, and assistants.

Following a trip to New York, Philadelphia and Washington, Mr. and Mrs. Maudru will be at home to their friends in the Raymond apartment, Main street, Alliance.

The bride is a niece of Mrs. W. W. McKewen of Salem, and she and her son, William, were among the guests. Others from out of town were:

Mr. and Mrs. John Maudru, Maximo, parents of the groom; Mr. and Mrs. C. Moore, of Steubenville; Dr. and Mrs. Hildbrand, Canton; Dr. and Mrs. Sison, Ravenna; Mr. and Mrs. Charles Miller and son, James, of Davisburg; Mr. and Mrs. James Layden, Mrs. Celia Forney and Mrs. Thomas Layden of Salem; Mrs. John Manning, of Trenton, N. J.; Mrs. Thomas Brady, of Washingtonville.

Miss Hiddleston Hostess

Club associates of Miss Janice Hiddleston gathered at her home, Tenth st., Thursday evening and played bridge. The honors were won by Miss Mary Kelley and Miss Blanche Forney. The hostess served a lunch. At a meeting in two weeks Miss Kelley will be hostess.

Mr. and Mrs. Paul Broyles of St. Louis, Mo., are visiting at the home of Mrs. Wolf, Newgarden st.

Mr. and Mrs. A. N. Taber attended the automobile show at Youngstown Thursday evening.

Ernest Mott has accepted a position in the meat department at the Lincoln Market.

Protests Ridicule Of Gen. Ludendorff; Situation Intense

Munich, Feb. 29.—Dr. Schramm, counsel for the defense in the Ludendorff-Hitler high treason trial, protested to the court today against stories ridiculing and disparaging the defendants.

"These defendants are fine, upstanding, true Germans, facing judges with human hearts," said Dr. Schramm. "They do not need to testify with shaking knees and chattering teeth."

Associated counsel denied the defendants are trying to shift the blame for the "beer cellar putsch" to others. The prosecutor denied that the judges smiled when Hitler was testifying.

The situation is becoming intense. Dr. Schramm asked the court to expel a cartoonist who drew a picture ridiculing Ludendorff and Hitler.

Really Near-Sighted

A man who was very near-sighted went to have his eyes tested. After asking him to repeat the letters on the test card without success, the specialist grew impatient and left the room.

Five minutes later he returned with the lid from a dustbin. He put it near the near-sighted man and said: "Here, can you see this?"

"Yes," said the man.
"What is it?" asked the specialist.
"Well, it's either a half dollar or a quarter," was the unexpected reply.

King Solomon's Reservoirs

Two of the reservoirs built by King Solomon have been cleaned out, and are being used to supply Jerusalem with fresh water by means of an aqueduct which passed through Bethlehem. The masonry work done by the great Hebrew king's men has proved to be very leaky, which is little wonder, considering the length of time which has elapsed since the original construction, and money has to be spent right along to keep it in repair.

Unpleasant Truth

The teacher, a woman of questionable age, was having a hard time getting Johnny to memorize the names of the presidents.

"Why, when I was your age," she explained exasperated, "I could recite the names of presidents forwards and backwards."

"Yes," replied Johnny, unimpressed, "but when you were my age there wasn't nearly so many presidents."

Why He Wept

Hale—We had a grand wedding at the house yesterday. My daughter was married.

Hardy—Yes, I saw you crying for her when you gave her away.

Hale—No, not for her. I was crying for the poor boob that married her.

Water in the Earth Is Often Shut in Rocks

The water of the earth may be divided into three parts—that which rests on the surface, that which floats in the atmosphere and that which lies below the surface, says a report just issued by the Department of the Interior through the geological survey entitled "Outline of Ground Water Hydrology, with Definitions," by O. E. Meinzer. The subsurface or ground water occurs largely in the pores of open spaces of rocks, but some of it is joined with the mineral matter of the rocks as "water of crystallization" and "water in solid solution." Water is also perhaps imprisoned deep in the earth, where no open spaces can exist because of the pressure caused by the tremendous weight of the overlying rocks.

Ground water is found partly in a zone that is saturated and partly in an overlying zone where it is suspended. The water in the zone of saturation is divided into two parts—that which supplies wells and springs and that which will not flow out of the rocks even when wells are drilled down to it; and the water held in suspension is divided into three parts—that which lies in the soil within the reach of plants, that which wogs a capillary fringe, immediately above the zone of saturation, and that which lies between the soil water and the fringe water. But plants, even when they are desperately thirsty, are not able to obtain more than a certain part of the water in the soil.

Thus the earth contains water that is available for plant growth and water that is not available for plant growth. Even that remnant which is of no use to plants is divided into two parts—that which may be removed by evaporation and that which is called hygroscopic water, which is not removed even when the soil is fully exposed to the atmosphere for a long time.

EXTRA FANCY SWISS CHEESE. CORNELL'S CITY MARKET. 5th

A Little Goes a Long Way.
The research in radium and the X-ray is being carried forward constantly, much to the benefit of humanity at large. Although the price of radium averages in the neighborhood of \$100,000 a gram, and a gram is only about one five-hundredth of a pound, the use of radium has been extended into dozens of different fields.

The layman is likely to wonder how radium can be used to illuminate the hands of watches and clocks when the cost of the material is so high. The fact is that it requires only a microgram of radium, mixed with zinc sulphide crystals, so to cover the hands of a number of watches that they will be luminous for years, and a microgram is but a millionth part of a gram. —Floyd W. Parsons in the Saturday Evening Post.

DRIVER'S SLAYER IS FOUND GUILTY

Recommendation Of Mercy Saves Cleveland Man From The Chair.

Cleveland Feb. 29.—Bryan Keenan, charged with the murder of John R. Rau, bakery driver, shot to death on Christmas eve, was found guilty of murder in the first degree in Judge Walter McMahon's court today. A recommendation of mercy saved him from the chair.

Ferdinand Michisch, on trial in another court room in connection with the same crime, was anxiously awaiting news of his fate.

The third member of the gang, and the man said to have fired the shot which killed Rau, was killed by police in a gun battle a few weeks ago in which Keenan and Michisch were captured.

The murder of Rau was said by Prosecutor Stanton to be the most cold blooded crime in the history of Cuyahoga county. Rau was shot down without warning by bandits bent on robbery. His arms were laden with baked goods, which were scattered around him in the street when his body was picked up.

DAMASCUS

A company of friends composed of Mr. and Mrs. Vernon Verer, Mr. and Mrs. Ellis Heestand, Mr. and Mrs. Leonard Pearce, Mr. and Mrs. Vincent Chambers, Mr. and Mrs. R. Bardo, Mr. and Mrs. C. G. Long, Mr. and Mrs. R. L. Druhot and Mr. and Mrs. H. W. Zuercher, complimented Mr. and Mrs. R. S. Coppock with a surprise visit Thursday evening in honor of their recent marriage. The honorees were presented a gift. Mr. Chambers making the presentation speech.

Teachers of the rural schools of Coshen township had a meeting Friday afternoon at Garfield.

Mrs. D. L. McElroy of Delaware is visiting at the home of Mr. and Mrs. R. L. Druhot.

Culp Is Revive-all Speaker; 60 Members Of His Class Attend

"The Gospel of Christ" was the subject of an earnest message given by Jacob Culp, at the Revive-all meeting Thursday evening at the M. E. church.

Mr. Culp is teacher of the Unity class of this church, and the class had a delegation of 60 at this service. This is the largest representation of any of the organizations, which have attended in a body this week. The attendance was also the largest of any service so far this week.

Rev. G. W. Peters of the M. E. church, Columbiana, will speak Friday evening and Circles 5 and 6 will attend in a body.

PALMER GRILLED

Continued from First page
that he "had other people working on Walsh."

"I did get the impression that Senator Walsh had not made up his mind to call McLean, but I repeat I did not have anyone go to Senator Walsh for me on McLean's behalf," Palmer said.

William C. McAdoo, candidate for Democratic presidential nomination, who appeared voluntarily several weeks ago, may be recalled to explain McLean's statement that "Francis McAdoo or his father has been my personal attorney for seven years," members of the committee declared today.

The suggestion also was made in committee that Wil H. Hays, former postmaster general, be called. The committee has heard reports that Hays had a conference with ex-Secretary of Interior Albert B. Fall, shortly after Senators Lenroot and Smoot, Republican, of Utah, saw Fall at his apartment here last December. The committee has not verified the report, however, and no decision has been made definitely to summon Hays.

Besides Palmer the committee called John Spurgeon, editor of The Washington Post, McLean's newspaper, and Karl C. Schuyler, Denver, attorney for today. Several employees of McLean, who sent telegrams to McLean in Palm Beach, also will be subpoenaed and will be examined before the committee.

Before examining McLean the committee wants to decipher the batch of code messages that were found in the sheaf of telegrams. If the employees cannot decipher the message containing references to "peaches," "apples," "apricots," "cherries," and "the champion," code experts will be called in.

OBITUARY

Funeral Notice
The funeral of Mrs. J. C. Weikart of Washingtonville will be held at 2 p. m. Saturday at the home, with Rev. E. A. Brendt, pastor of the Lutheran church in charge. Interment in the Old Fellows cemetery, near Washingtonville.

STOCKS

FRACTIONAL GAINS
New York, Feb. 29.—The stock market opened generally firm today. Good buying was noted in a wide range of issues, causing fractional gains.
Steele was steady, U. S. Steel rising 1/4 to 104 1/4, Baldwin 1/4 to 124 1/4, and American Locomotive 1/4 to 75. Standard Oil 1/4 to 103, but Chaudron rose 1/4 to 60 1/4.
Copper held steady, Coudens rising 1/2 to 34 1/2, Pan American B 1/4 to 46, 3/4 to 37 1/4, and Phillips Petroleum 1/2 to 38 1/4. Coppers were firm, American Smelting advancing 1/4 to 60 1/4, and Kennecott 1/4 to 36 1/4. Rails were firm, Southern Railway rising 1/4 to 50, New Haven 1/4 to 39 1/4, St. Louis and San Francisco 1/4 to 51 1/4, and Northern Pacific 1/4 to 51 1/4. The acceptance of the Keppeler compromise proposal carrying a 37 1/2 percent surtax exerted a stimulating influence in the foreign trading on the stock exchange today. Speculative interest was mainly centered on railroad shares.
Southern railway rose nearly one point to 50 1/4, Wabash A. rose to a new high to 45, and St. Louis and San Francisco 1 point to 24. Norfolk and Western, selling ex-dividend, recovered the early loss of 2 points.
Northern Pacific was weak, selling below 49, the lowest price in 25 years. Great Northern preferred rose 1 1/2 to 54 1/4, and Union Pacific 1 1/4 to 129. Cows and steels held steady, gains ranging from a fraction to over one point.

Cupid's Record This Year Equals That Of First Months In 1923

Issuing of marriage licenses during January and February in 1923 and for the corresponding months this year has proved to be nip and tuck.
During the two months in 1923 there were 32 licenses issued and up to the close of business Thursday evening there was a total of 82 licenses issued for the same months this year.
In January, 1923, there were 40 licenses issued, and last month 38 were given out.
During 28 days in February, 1923, there were 43 licenses issued, and up to the close of business Thursday night, or for 28 days this month 44 licenses had been granted.
But February this year has 29 days, and a few more licenses may be added to the record for the month.

REALTY TRANSFERS

MILTON NAMED DISTRICT LEADER BY REPUBLICANS

County Auditor Charles E. Hamilton has been made district Republican chairman, succeeding Chairman Kemmerer of Carrollton, who resigned the position following his appointment as postmaster at Carrollton. Mr. Hamilton will fill out the unexpired term of Mr. Kemmerer.
This office will give Mr. Hamilton added duties, as he is chairman of the county Republican Central committee and he will now have similar work to look after throughout the 18th congressional district which is composed of five counties.
The appointment was made recently at Columbiana, during a meeting of the district Republican leaders of this state.

Stamped Buffet Set, With Floss, 25c Complete
To advertise a certain six-strand silk floss to thousands of people quickly, manufacturer offers a limited quantity to us for distribution at this small price.

WILSON DID NOT USE PRESS MUCH

FORMER PRESIDENT, HOWEVER,
KNEW VALUE OF PUBLICITY
ON HIGH OCCASIONS.

By EDWARD B. CLARK

Washington.—Woodrow Wilson's relations with the press of the United States were unlike those maintained by any other recent president. He knew how to take advantage of high occasions for the use of the press for the presenting of his fixed opinions, but concerning the ordinary affairs of administration and even the world politics, he was silent when wide news publicity, it was believed, might have been of high service to his cause.

This with Woodrow Wilson probably was a matter of temperament. He was not what men call spontaneous. It was said occasionally in his life that he lacked a love of human companionship, but no man with Woodrow Wilson's sense of humor ever was entirely lacking in the human qualities which make for close friendship. On many an occasion when in conference with the body of Washington correspondents he would illustrate his meaning with a story always to the point and always sharply humorous.

The newspaper correspondents in Washington did not have the close relations with Woodrow Wilson that they had with his predecessors in office from Grover Cleveland's day. It was only once or twice during his administration that he permitted himself to be interviewed by an individual correspondent. For a considerable time, he met the newspaper men in a body, answered their questions and occasionally outlined to them some legislative or economic thought of his which he believed might be of interest to the public.

"Open Door" Not Very Open.

When Mr. Wilson came into office there was a belief in Washington that the White House would become an actively working bureau of information. This belief was founded on the president's statement concerning the necessity of "pithless publicity." There was much talk about the open door, but the door never was thrown back far enough to strain its hinges.

When President Wilson wished so to do, however, he knew how to present a matter so that it not only would be given publicity, but given it in a form bristling with news points. He knew news, but probably did not realize at all times its true value as an asset to his administration.

Once upon a time, however, Woodrow Wilson gave to the country a news story which had a continuing and exhilarating life for months. The correspondents had gone to the White House for their weekly conference, fully believing for the most part, probably, that the day's proceedings would be but a repetition of those of other days which had produced no news of moment. In truth, a good many of the correspondents after attending a few of the president's conferences stayed away because they thought nothing ever was likely to develop to make them hurry to the telegraph office.

His Exposure of the Lobby.

On this particular occasion, however, Mr. Wilson began the conference by saying: "There is a pernicious lobby at work in congress against the interests of the people."

Then he outlined what he meant. Congress was stirred and the country was stirred and an investigation followed. It was found to the satisfaction of most people that a lobby was at work and that the president was right in calling it pernicious.

In the course of investigation it was discovered that some former members of congress, taking advantage of the fact that their one-time status gave them unchallenged entrance to the house and almost unchallenged entrance to the committee rooms, were here as the paid attorneys of certain of the country's great business interests. The confessions of one or two of these gentlemen, forced confessions for the most part, it was thought would prevent any effort on their part in the future of attempted re-entry into public life—but one or two of them, are sitting in congress today.

There probably will not be one-tenth as many anecdotes related in the future of Woodrow Wilson as there were of Theodore Roosevelt. Mr. Wilson did not lend himself readily to those things which make the spirit of an anecdote. Some of the men who were closely associated with him in an official way during his administration have stories about him laid by, and one day will tell them, but from the few of them that one has heard they are almost entirely of a serious nature, never frivolous and seldom light.

Light Depends on Rubber

Every commercial use of electricity in the United States is dependent on our import trade.

How? By insulation materials, made of rubber.

Take away rubber and our cities, our homes, would be dark. We could not use the telephone nor the radio nor the cable, nor the telegraph.

Of the world's production of crude rubber 75 per cent of the plantation acreage is British-owned, and 5.6 per cent is owned by American capital, consisting of 55,000 cultivated acres and 40,000 acres undeveloped, in Sumatra. Within the dominion of the United States there is a limited acreage in Mindanao, Philippine Islands.—National Foreign Trade Council.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

COURT NEWS

MORE THAN 200 CASES DISPOSED OF THIS MONTH

Between 200 and 300 cases will have been eliminated from the court docket by Judge James G. Moore, the record for the month will disclose when the office of Clerk of Courts John T. Burras comes Friday afternoon. The idea of allowing actions to remain on the docket several years without trial or without being resolved by some move on the part of counsel has been done away with.

Many actions have been dismissed during the month by the court at the instance of the plaintiff for lack of prosecution, and with two courts in session for three weeks, many other actions have been disposed of in the regular way.

It has been indicated that the docket would be crowded with thousands of cases unless there was a "house cleaning" from time to time but the switch of the official beam this month has taken more from the docket than ever before during a similar length of time.

Two courts will be in session again, perhaps beginning March 19 or 20 and 17. The assignment list for the week of March 10 will be issued by Clerk Burns next week.

Court Decisions

The case of Proctor, Ankrim of East Liverpool, filed in common pleas court several months ago against the Central Business Men's association, was marked off the docket by Judge James G. Moore Thursday afternoon, when the court was advised that the case had been settled out of court. The costs in the case are to be paid by the plaintiff.

A claimant carried a health policy with the defendant company, and when he became ill last year, and after recovery filed a claim for benefits, the defendant company set up the defense that the plaintiff was in arrears at the time the illness occurred, and that he was not, under the terms of the policy entitled to the particular benefits prescribed in the policy.

The divorce action of Flora Ware against William Ware has been dismissed by the court on motion of the plaintiff at her costs. The action has been pending for about a year.

In the case of Russell E. Hough

COLDS Are Dangerous

Doctors agree that many serious diseases result from colds. No need to take chances when quick, sure and safe relief follows the use of Munyon's Cold Remedy. Prepared to relieve colds in the head, throat and lungs, check fever and nasal discharges, and ease the pains caused by colds, grippe and bronchitis. Don't fool with a cold. Let Munyon's Cold Remedy drive it away. At all druggists.

LAWS LIMIT OHIO WOMEN, SHE SAYS

Discriminated Against In Wages Says National Council Member.

Columbus, Feb. 20. "It is inconceivable that woman should not be able to get the same wages as men for the same kind of work," Mrs. Florence J. Hill, national council member of the National Council of the Women's party, addressing an audience here, said.

"One of the worst resulting features of these limitations is that women are paid less than men," Mrs. Hill declared. "There is no excuse today for business and professional women not to be able to inform themselves as to the legal status of women, the discriminating laws against them and the resulting injustice."

"When unemployment is serious and competition increases, women will find themselves more and more crowded out of the positions desired by men. Women are safe only when natural selection rather than arbitrary decision of legislators and officials, determine the field to be entered by women."

Asserting that Ohio laws discriminate against women, Mrs. Hill urged the adoption of a federal amendment, similar to the proposed Lucretia Mott amendment, which, she said, would eliminate all silly laws at one blow.

Shipping Board Has 1335 Ships For Sale

Washington, Feb. 20.—The United States shipping board today advertised for sale its fleet of 1,335 passenger and cargo vessels. The ships will be sold under terms a most identical of these offered for sale last year.

Over 427 of the ships are now in active operation. All offers must be received by March 14 and no award will be made before that date, the board announced.

Eight hundred and forty four of the ships offered for sale are steel cargo vessels.

No Doubt of It.

"Well, Vera, I must say I don't think it's fair to your husband to run up so many bills."

"My dear, to do his best work he needs a strong incentive."

S.S.S. keeps away Pimples

You will be compelled to admit that the results of S.S.S. are really amazing!

Did you ever know how big cities make the hydrant water fit for you to drink? That's what S.S.S. does to the blood in your own blood pipes. It

Increase your Red-Blood-Cells. That's the sure way! S.S.S. builds Blood-Cells; this means strength!

makes it fit to circulate. S. S. S. is acknowledged to be one of the most powerful, rapid and effective blood-purifiers known. You don't have to use some new fad treatment that is more guesswork, you don't have to interfere with your face in a vain effort to get rid of eruptions. Eruptions come from blood impurities and a lack of rich blood-cells. S. S. S. builds new blood-cells. This is why S. S. S. routes out of your system the impurities which cause boils, pimples, blackheads, acne, blotches, eczema, tetter rash. That's why S. S. S. has done such wonderful work in freeing thousands from the scourge of rheumatism. S. S. S. is also a remarkable flesh-builder. That's why underweight people can quickly build up their lost flesh, get back their normal weight, plump cheeks, bright eyes and "pep." S. S. S. is sold at all good drug stores. The large size is more economical.

S.S.S. makes you feel like yourself again

Veterans Of Foreign Wars
All members of Allen Reynolds post Veterans of Foreign Wars, are asked to meet Friday evening at the home of Charles Oertel, Damascus rd.

REPUBLICAN UNIT

Continued from First page
all in the political affairs of the country.

Keep Standards High
"Women have high standards, and both men and women have a longing desire to keep political standards high. When we give to the world the best we have, then the best will come back to us. Honest criticism is a good thing, but the majority of people who criticize never do anything to help their party, their country or their home, and when we think the situation over, politics is the home. Those who cry loudest and longest add nothing to the betterment of things."

"An office holder reflects his constituents, and if his standard is low, then this standard is reflected upon his district or local community. Men are always willing to give women a 50-50 deal. There are some women, however, who want to hold the balance of power—the whip hand. This kind of women make me think of that band of insurgents we now have down at Washington—that band that goes which ever way the wind blows."

"What we women want to do is a perfect organization and help the Republican party on to victory in November, even a greater victory than we accomplished four years ago. What we desire is real team work! We want to be valuable partners with the men in this great political work, and we want and will always have concerted action."

Mrs. Levan went into detail in explaining the formation of state, district, county and precinct committees and of the appointment of Mr. David Tod, Youngstown, as district chairman for the State Women's Republican club, and of her appointment as district chairman for the Women's Republican clubs in the 18th congressional district, which is composed of five counties.

Her duty now, Mrs. Levan explained, is the formation of county organizations of women and the latter will have the work in hand of naming an executive committee to work in the different precincts in the county.

BATTLE DEVELOPS OVER HAND-PICKED PROBE COMMITTEE

Senate Will Authorize An Investigation Of Attorney General.

BULLETIN
Washington, Feb. 29—The senate became involved in a heated row this afternoon over the Daugherty investigation resolution.

The wrangle came not over the resolution itself, as it will be passed with but little opposition later in the day, but over the method of selecting the "trial committee."

Washington, Feb. 29—After some hours of hectic oratory, the senate late today will authorize a sweeping investigation of Attorney Harry M. Daugherty's conduct of the department of justice.

It is not unlikely that before the investigation is concluded, every branch of the government will have been drawn in because of the wide ramifications planned by those back of the probe.

The resolution of inquiry has been drawn by Senator Wheeler, Democrat, of Montana, Daugherty's severest critic in the senate and both Republicans and Democrats were agreed that its political significance is great.

Republicans argued that refutation of the charges would redound to the administration's credit, react against its Democratic critics and place Daugherty in the light of a political martyr unjustly persecuted. For this reason, support of the attorney general was rapidly growing throughout the administration ranks.

Fight Hand Picked Probers
Regardless of the senate's ultimate verdict, the investigation will end Daugherty's career.

The attorney general has told his close friends he would retire from the cabinet whether he was vindicated or convicted by the public trial, for personal reasons. He is 64 years old and not in the best of health.

By his militant defense against overwhelming odds, the attorney general has materially increased his support in the senate. Some western senators who were crying for his political blood a week ago, stood ready today to battle beneath his standard.

While passage of the resolution itself was never in doubt—because Daugherty himself urged its enactment—a battle has developed over the naming of the special investigating committee. Friends of Daugherty, opposed the plan of Senator Wheeler, Democrat, of Montana, who sponsored the investigation for naming a personally selected committee to be headed by Senator Brookhart, Republican, of Iowa, an insurgent leader, and demanded the committee be named by President pro tem Tomkins, Republican of Iowa.

"There is no intention to attack individual senators, but the committee should be named by the senate's premier officer," said Senator Willis, Republican, of Ohio, leader of the Daugherty group.

QUAKER MOTORS DEFEAT ELWOOD

The Quaker Motor basketball team of Damascus went to Elwood City, Pa., Thursday evening and played the Elwood City team, winning the game by a close margin, the score being 33 to 29.

This is the first defeat of the season for the Elwood team, and it expects to capture the championship of the Beaver Valley. It will play a return game with the Quaker Motors March 8.

The Quaker Motor team is scheduled to play a Wampum, Pa., team March 4.

LUTHERANS JOIN IN ARRANGING A RALLY OF LAYMEN

Holy Trinity English Lutheran church, of this city, will join Grace Lutheran church, Youngstown, in a rally of laymen in the Mahoning valley at 7:45 p. m. Tuesday.

Dr. S. C. Dornblaser of Pittsburg will speak at this meeting. Dr. E. C. Cronk will show with moving pictures the Lutheran world activities.

The Lutheran Laymen's movement, a voluntary organization of successful men from all parts of the United

States is sending Dr. Cronk to present the subject of business methods in the church as well as the layman's attitude upon the subject of stewardship.

These films are among the very first of the presentation of church work through the medium of moving pictures.

ARMY ENLISTMENT DISPUTE ARISES

Washington, Feb. 29—Secretary of War Weeks is at loggerheads with congress over the length of the enlistment period in army, it was learned here today.

Supported by an opinion of the judge advocate general of the army, Weeks insists that recruits should not be accepted for less than three years while members of house military affairs committee believe that the enlistment period should be one year so that increased turnover would afford military training to a larger number of men.

The judge advocate general bases his legal opinion on a provision in the national defense act, and in view of the disagreement that has arisen, Weeks has asked for a review of the opinion.

SCARLET FEVER PREVALENT SAYS HEALTH OFFICERS

Many Cases Throughout The
County Not Reported,
Says Dr. Church.

Salem, Feb. 29.—Approximately 50 homes in Columbiana county at this time are under quarantine for scarlet fever, and about 10 are similarly situated because of diphtheria, according to a graph chart now being revised from day to day by County Health Commissioner Dr. T. T. Church.

Severe cases of diphtheria are in the East Liverpool district, also some in East township, other cases being scattered. The majority of the scarlet fever cases are shown to prevail in Liverpool, Fairfield and Unity townships, although scattering cases are reported in other parts of the county. This is the first time a chart of this kind has been maintained by the county health commissioner in this county since the law creating the office was placed on the books. The only other time a chart of illness was kept in this county was when Salem was in the throes of a typhoid fever epidemic, several years ago.

The rules of the Ohio Public Health Manual, copies of which have been placed in the hands of all county health commissioners, is being violated more or less every day by physicians and also with more particular reference to men and women who are ill in their homes and who fail to make report to the proper authorities of the character of such illness.

"People do not seem to realize the importance of reporting cases after they have been developed," Dr. Church declared, in referring to the rules of the state board of health. "Dozens of ailments are to be reported immediately, the rules of the department being very firm in this respect," cautioned Dr. Church.

Many Cases Not Reported
There have been many cases of scarlet fever in this county not reported because people in the homes did not summon a physician, but who have treated such cases "at home," explained Dr. Church. "The result has been that people in such homes where

scarlet fever has found a victim have been roaming at large and by mingling with other people have been carrying the germ, thus spreading the disease.

"Our department cannot always locate these cases right instantly, but eventually we hear of them, and then when we make an investigation, find that no physician has been called, the home has not been quarantined, people have been passing in and out of the house, and no report made of the case, because, we are advised, 'we didn't think we needed a doctor, as we doctored the patient ourselves'."

"That may be all right, as far as it goes, but there is the public health to be taken into consideration. The object of this department is to provide and take measures to prevent the spread of diseases, and people who do not report such cases are directly violating the rules of the state board of health."

FORD'S EMPLOYEES NUMBER 159,000

Detroit, Feb. 29.—Employment in the Ford Motor company organization is now at the highest point in the company's history and reflects in a general way the prosperous condition existing in the country as well as in the automobile industry.

There are approximately 157,000 workers employed in Ford industries in the United States, according to recent figures. Of these, more than 24,000 work in branch assembly plants. The largest number employed in any single manufacturing unit, is, of course, at the Highland Park plant at Detroit, where 68,500 men are at work. The biggest increase in the number employed at any one place during the last year was made at the River Rouge plant of the company. A year ago, 28,000 men were employed there, while today there are nearly 42,000 workers on the payroll.

Other manufacturing units, including the Lincoln car plant at Detroit, and the plants at Kearny, N. J., Hamilton, Ohio, Green Island, N. Y., Glass

mere, Pa., and Poughkeepsie, N. Y., employ close to 11,000 men.

Smaller plants around Detroit give employment to more than 800, while at the present time there are over 4,000 men at work on the company's timber and iron ore properties in the upper peninsula of Michigan.

Ford coal mines in Kentucky and West Virginia are giving employment to more than 3,500 men and the Detroit, Toledo & Ironton, the Ford railroad employs in excess of 2,500 men.

There are in addition to all these some 700 employees in the Henry Ford hospital at Detroit, more than 700 in the Henry Ford Trade school at Highland Park and there are more than 11,000 employees in the foreign branches of the company.

STUDENTS WILL SEE MILLENNIUM WITHOUT EXAMS

Chicago, Feb. 29.—The students millennium—the day when there will be no exams—is coming on apace, in the view of educators.

Speakers before the annual convention of the department of superintendence, National Education association, ruled out the periodic examination, "and a 1 its moral hazards," as unsound, unscientific, and "generally meaningless."

For the examination mark it seems, has been proven by years of testing by educational psychologists "to have absolutely no fixed relation to mental capacity or intellectual ability."

"Half-tone Screen and their Relative Usefulness" describes 19 different screens used in photo-engraving, defines their fields of usefulness, prescribes their limitations. Reliably authoritative. Free if you write on your letterhead.

No matter where your printing is done it will be better for Eclipse plates

The way to look at it is this: it is not the few cents that may be saved on a drawing, a photo-engraving or electrotpe or the job of printing if such economy jeopardizes the results desired.

It is not how many people you can reach or how cheaply you can reach them but—how well can you reach those worth reaching?

BBETTER cut down your mailing list and get to your prospects in a flattering way with better printing or use fewer publications with more attractive copy.

Spend a little more on art; interpret the art with the finest possible photo-engravings; duplicate with electrotypes of unquestionable quality. None of this is extravagance; it is demonstrable quality.

IF your catalog and direct-mail printing is done in a big city shop with a reputation for fine work you will find that Eclipse super-standard printing plates will be appreciated. Comparable quality, any way, is insisted upon. But Eclipse quality is obtainable only from Eclipse.

If your general printing is done in a small shop lacking

the skilled direction, the extra-competent workmen, the type and press facilities of these more pretentious houses, you will find that Eclipse super-standard plates will improve the quality of your work. They print beautifully clean; need less costly making-ready for the press; wear incredibly long; cost no more to begin with than plates made by less able craftsmen (and less in the long run); while the certainty of profitable results is far greater.

When you are interested drop us a line. We solicit an opportunity to demonstrate all that we have said in this.

The mark that stands for 42 years of conscientiously making the very finest printing plates known to printers, publishers and advertisers.

SLEW FAMILY TO ATONE FOR "BLASPHEMY"

Miss Wilmette McDowell, McDowell Home and Miss Marion McDowell, Frank McDowell.

One of the most horrible crimes in American annals has been cleared by the confession of Frank McDowell, 19, that, while living in Decatur, Ga., he burned to death his two sisters, Wilmette and Marion, and one year later, while living in St. Petersburg, Fla., he shot to death his mother and father. The crimes were committed, he declares, on the anniversary of the day when, as a child, he "blasphemed against the Holy Ghost," and he was seeking atonement by fire and blood.

THEATRES

"LISTEN TO ME" HERE THURSDAY

Theatergoers who are alert to appreciate merit in a musical score will quickly realize why "Listen to Me" is the new extravaganza. "Listen to Me" is the grand theater Thursday, March 6, was successful from the opening performance.

Independent of the fact that "Listen to Me" carries an excellent cast supported by a youthful chorus that can dance and sing an exquisite display of scenic splendor, marvelous novelties, gorgeous costumes, and an absorbing fantastic story beautifully narrated, is the reality that its score of musical gems is a theme of critical admiration.

"Listen to Me" has been lauded broadcast by all. Some have adored its spectacular wonder, others have admired the lavish array of scenery and costumes, others highly praising the cast and chorus, while many have been thrown into ecstasy over the beautiful fantastic story, but all have worshiped the score of ethereal musical gems.

Those who enjoy artistic grandeur in all its rapture can drink to their fill when "Listen to Me" with all its gorgeousness will be presented in this city.

CONCERT BY BAND AT STATE SUNDAY

Playing popular music and alternating these selections with solos by various instruments and comedy, novelty and classical selections, Harold Pachman's Million Dollar band which will appear at the State theater on Sunday, presents a program which is guaranteed to please every one, from the most fastidious music lover to the person who feels he can appreciate only the modern dance music.

In fact the Pachman band has a reputation for playing classical music in a style that appeals to even the less cultured taste and at the same time playing popular music with a finish and musicianship which makes it appeal to even the most sophisticated lovers of high class music.

Show Fight Film

"The greatest battle in the history of the ring."

That is the fashion in which fight experts describe the Dempsey-Pirpo battle fought in the Polo grounds in New York city on the night of Sept. 14, 1923.

Fight followers of this city will have an opportunity to form their own opinion as to the truth of the statement, for the film comes to this city for a run of three days at the Grand theater, starting Monday.

The pictures show the entire two rounds of fighting, characterized as the fiercest in the history of the ring. Not a single cut was made in assembling the pictures. The release was passed by the Ohio State Board of Censors without a single cut.

Ten cameras recorded the fight in fast motion. Two more were employed to make the slow motion record. The result is a combination of the best shots of the 12 machines, assembled meticulously, and correct to the last detail.

Seven knockdowns scored by Dempsey are shown. So is that phase where the challenger sent the champion through the ring ropes. The gathering of the crowd; the arena; training camps of both fighters; sidebars on the principals—all of this is included.

You Can Quickly Limber Up Sore, Stiff, Swollen Joints

Even Chronic Rheumatic Swellings in Knee, Elbow, Shoulder or Finger Joints Yield to the Mighty Powerful Influence of JOINT-EASE.

It's here right in town and The J. H. Lease Drug Co. Floding's drug store, Bolger & French and every live druggist has it.

It's a low price remedy, to be sure, but that doesn't stop it from taking the kinks, lameness or torture out of your troubled joints.

Joint-Ease is the name, so called because it is compounded solely for the purpose of relieving all joint ailments.

Just rub it on the tormented, lame or spurious way it puts you

will penetrate to the bone and blessed comfort comes quickly.

It absorbs instantly and is so clean and stainless that you can rub it on often and get thereby, results much more quickly, when the joint is inflamed and the agony intense.

Being such a powerful counter irritant, it cannot help bringing speedy and helpful results in congestion, sore throat, chest colds, lumbago and neuralgia much quicker than almost any remedy you can buy.

But you must remember that it is for joint afflictions that it is mostly dispensed and its helpfulness will astonish you after all ordinary liniments and other treatments have failed.

Mount Cagemen Make Bid For Conference Honors

Mount Union college cagemen are having a very successful season on the court and will make a strong bid for Ohio conference honors. By downing Ohio Wesleyan twice, the purple has forged ahead, and are going along at a fast pace.

The players are, front row, left to right—Miller, Martin, Whitman (capt.), Mackey, Laber. Back row—Wain, Ball, Mills, Fleming.

SALEM HIGH TEAMS LEAVE FOR LISBON

Will Play East Palestine Here Next Week, It Is Announced.

Salem High's basketball teams, accompanied by a large number of rooters, left late this afternoon for Lisbon, where they will meet the county seat high teams in the Rollaway. The girls game starting at 7:30 p. m.

Confidence was expressed by both teams that they would return winners, the Boys admitting that they should turn in a large score while the girls said they would have to work hard to win.

Good news in the shape of another set of home games was announced. Instead of playing at East Palestine next week, the last county games will be played in the Salem gym. These are on March 8.

25TH KNOCKOUT FOR BERLENBACH

New York, Feb. 29.—Paul Berlenbach scored his 25th straight knockout at Madison Square Garden last night and the local peasantry which hitherto has been disposed to rave about him, turned right around and raved at him.

They didn't seem to care for Paul's performance. In fact, it was the sense of the meeting that justification was with Berlenbach's manager in refusing to let him frolic with the first raters at this immature moment. Fighting as he did last night, he couldn't beat the second raters.

Collaborating with Paul in last night's business was young Fisher, of Syracuse, a young man with a clinching arm and a none too prepossessing appearance. He passed out peacefully after 24 seconds of the sixth round, from a left hook to the stomach, uttering meanwhile plaintive cries of foul. Fisher wasn't fazed. It is the writer's idea that he, Fisher wasn't badly hurt.

WITH THE STARS AND RECRUITS IN TRAINING CAMPS

Four Dodger Holdouts Clearwater, Fla., Feb. 29.—Nothing has developed today in the attempt of the Brooklyn Dodgers to gain possession of Sam Bohne, Cincinnati infielder, and Mike Gonzales, former catcher of the New York Giants.

Manager Robinson is still waiting to hear from his list of holdouts which includes Zach Tay or, catcher Johnny Jones, the \$50,000 Portland shortstop, and outfielders Bert Grif fiths and Bernie Neils.

Terry Startles Natives Sarasota, Fla., Feb. 29.—Having startled the natives by hitting the ball over the trees in deep centerfield Bill Terry, Toledo acquisition, will be given a thorough looking over by Coaches Hughey Jennings and Cozey Dolan in today's work out. The Giants are said to have refused an offer of \$50,000 for Terry from the Cincinnati Reds.

The critics also have expressed satisfaction at the showing made by Wayland Dean, Louisville pitcher for whom the Giants are said to have paid \$70,000.

Red Sox Work Out San Antonio, Texas, Feb. 29.—The Red Sox had their first real workout of the season with the best weather since their arrival. Manager Lee Fohl spent a deal of the session with the pitchers.

Bancroft Watches Twirlers St. Petersburg, Fla. Feb. 29.—Despite a heavy gate manager Dave

ALLIANCE SOLDIER ORGANIZATIONS TO FIGHT BOLSHEVISM

Albion, Feb. 29.—Two recent meetings in the city's foreign quarters at which, police say, speakers urged adoption of Bolshevism doctrines resulted today in Alliance veterans' organizations inaugurating a move to marshal forces to fight the evil propagandists.

Three local soldier organizations—American Legion, Army and Navy Union and United States War Veterans, today offered their services to the city administration in an effort to thwart the movement known to be on foot here. The three organizations have a total membership of approximately 500.

The first meeting in Alliance at which, police say, racial ideas were expressed was held Feb. 4, and the second was held five days later. Police said today they believed additional meetings are planned.

Mammals of California There are 2,000,000,000 mammals in California. Half of these are burrowing rodents, such as ground squirrels, kangaroo rats and gophers, which give farmers much trouble. Dr. Joseph Grinnell of the University of California, however, has a good word to say for gophers and such. Fossils show that they have been in existence at least 200,000 years and he has figured out on one tract of land that in that time gophers have given the soil the equivalent to 3,400 plowings to a depth of six inches. It is all right to keep them off artificially cultivated land but in other areas, the plowing and fertilization furnished by them is invaluable.

AUDITOR TO NAME ASSESSORS SOON

Lisbon, Feb. 29.—"We expect to have the list of assessors for the reappraisal work selected before the end of next week," declared County Auditor C. E. Hamilton. "We've received names from every district in the county from the several district and municipal boards, and from these lists the assessors will be selected."

The assessors will not start their field work until early in April, according to the present program. The force of clerks engaged in making out property location blanks for the assessors will not complete this phase of the work for at least a month.

Over 50,000 sheets are to be made out by the clerical force.

OHIO MAPLE SYRUP STILL NETS PROFIT

Two Million Trees Will Be Tapped This Spring, Economist Adds.

Despite a steady decrease in recent years in the production of maple sugar and maple syrup in Ohio, when wisely managed it can still put money in the Ohio farmer's pocket.

Showing that some farmers realize this, crop forecasts estimate that about two million maple trees will be tapped in Ohio this spring, say rural economists at the Ohio State university. Most of the state's output has come from a few northeastern counties.

Syrup production has varied widely from year to year and from tree to tree but the average is from 3 to 5 of a gallon per tree. Costs reckoned on a group of Medina county farms in 1923 indicated that the farmer got 48 cents an hour for his labor over and above the fuel, equipment, and marketing costs.

These figures did not include any charge for the use of land and trees. Of the total cost, the economists estimate, 80 percent went for labor and 5 per cent for cans.

Prof. J. I. Falconer, who presents the figures, continues: "While the making of maple sugar and syrup would probably not return a profit to Ohio producer if he included as cost a charge for the use of land and trees, it does in a good year give a good return for the labor involved. And the work comes at the time when other farm work is lightest."

"Production of maple sugar may materially add to the income for the year."

Shippers To Develop Market Terminals

Columbus, Feb. 29.—Further development of market terminals at Cleveland, Pittsburg and Buffalo during the current year will be the aim of the Ohio Live Stock Co-operative association, it was announced following the close Thursday night of a two-day meeting by the association here.

A plan to re-organize county groups into co-operative associations, in compliance with the new state law, will be undertaken this year, it was stated.

E. T. Taylor, Urbana, was re-elected president of the association and Dew head, Marion, was re-elected vice president. The newly elected board of directors will meet here Monday to discuss this year's program.

ACE Electric Cleaner

In this cleaner, exceptional cleaning power is combined with simplicity, convenience and dependability.

The high-speed General-Electric-type motor produces a tremendous suction, which easily and quickly gets all the dirt—even the fine dirt deeply embedded in the rugs.

The Free Attachments

enable you to remove every particle of dust and dirt from places hard to reach and difficult to clean with duster or broom.

It cleans tufted upholsteries, mouldings, woodwork, books, chandeliers, pillows, mattresses, as well as rugs and curtains.

A ten-minute demonstration will convince you of the superiority of this cleaner.

Investigate Now!

Remember—this offer is limited—but for a short time you can buy this cleaner on easy payment terms with attachments absolutely free.
